Introduction:

The 14-day online Subject Refresher Course in Teaching and Learning in Kashmiri Language 2023-24 by UGC Human Resource Development Centre, Aligarh Muslim University, Aligarh, is held from 07 to 20 December 2023. Certain aspects of a language might require more specific attention or focus. Kashmiri has a complex phonology and a more extensive vocabulary, which may need additional emphasis on pronunciation and vocabulary building, necessitating a more structured approach to teaching grammar and phonetics. Language is an essential medium of communication, teaching and learning. It helps in understanding the world around us. Language teaching and learning have been a continuous process for centuries. Rapid scientific and technical development has brought new language teaching and learning challenges. There is a need to adapt further to scientific and technological innovation in language teaching. The influence of the internet and social media has deeply affected regional languages. We can't exclude the Kashmiri Language from this influence. To meet these challenges, Aligarh Muslim University has taken the lead in accepting this challenge. It has submitted its proposal to UGC to hold this Subject Refresher Course. In this refresher course, renowned language teachers and experts will deliver lectures on various aspects of the subject.

We are grateful to Dr. Faiza Abbasi, Director of UGC Human Resource Development Centre, Aligarh Muslim University, Aligarh, for her sincere efforts to get UGC approval to conduct a Subject Refresher Course in Teaching and Learning in Kashmiri Language in this great seat of learning of AMU Aligarh.

Objectives:

The objective of this Subject Refresher Course is to introduce new ideas about the linguistic aspects of the language, both concrete and abstract concepts, and to strengthen the teaching and learning process in the Kashmiri language, as well as how to expose students to the best possible usage of the Kashmiri language. It will offer instruction, training, and profoundly perceptive information to enhance classroom teaching methods. It will acquaint the teachers with the latest developments in language pedagogy and teaching methods. It aims to develop an understanding of emerging trends in language teaching-learning, interactive and relevant classroom activity processes, and content learning. This program aims to familiarize the teachers with the best ways to set up language classroom procedures and activities to support language acquisition through assignments, projects, and pair work. It will explore the necessity of critical pedagogy in the current teaching and learning environments. It will provide insights to teachers using resources like textbooks, e-content, etc., and help them cope with the issues encountered in the classroom. It will allow them to explore how the languages are most effectively taught. This program will also focus on the National Curriculum Framework.

At the outset I must thank you for your interest in pursuing an F2F Subject Refresher Course in Library and Information Science at the UGC Human Resource Development Centre of the Aligarh Muslim University. We will be glad to organize this special need based course in the month of February 2024 as desired.

May I request you to further give your consent regarding the logistics.

The travel, food and accommodation of the course participants will not be reimbursed by the UGC HRDC AMU. While the travel will be arranged for the participants as per their convenience, the food and accommodation may be provided at the UGC HRDC AMU for highly subsidized rates @500 per day for twin sharing AC rooms in our hostel and vegetarian breakfast, lunch, dinner, and tea with snacks twice between session breaks and once in the evening.

This is owing to the limitations in the present funding system of the UGC under PFMS. Other training costs like coordinator, resource persons and tutorials will be covered by the UGC HRDC, AMU as per Guidelines.

As soon as I hear from you, we will decide upon a mutually convenient course date and the course will be opened for application.

Thank you,

Sincerely,

Dr. Faiza Abbasi
